5-Week Modular Structure for Each Subject
Flexible & Modular Structure
Complete the MBA degree within 24 months at your own pace, allowing you to balance your busy work schedule. The programme offers both weekday and weekend modes on a modular basis, enabling students to focus on one course at a time during each five-week module. This flexible structure is advantageous for students with intensive work commitments, as they can choose not to enrol in specific modules when needed.

Entrepreneurial Incubation Lab
HKU MBA partners with Cyberport Academy to conduct the Entrepreneurial Incubation Lab course. It cultivates start-up founders' capabilities, identifies market opportunities, and helps students build an entrepreneur’s mentality. It also engages them in practical workshops to develop investor desks and present start-up pitches.

Case-Based Approach
The HKU MBA Programme adopts an experiential learning approach that helps students become effective problem solvers. The business cases we use are written by HKU professors and published by the Asia Case Research Centre (www.acrc.hku.hk).
